begins with  
learning

# WELCOME

Dear Reader,

Team Glare30 thanks all the parents and students for reposting confidence in our capability to deliver beyond general expectations. We have evolved to become a respectable brand over a period of time, and it is highly gratifying to share that the growth has been steady and without any upheaval. This, has been largely due to your unflinching trust in our system and approach.

As you know, our team of faculties, non-teaching staff and members of the Management are not only highly qualified and experienced but also perform their duties with utmost sincerity, efficiency and sense of commitment. They understand the nuances of the industry rather well. We can say with fair amount of certainty that each member of Glare30 takes pride in being an integral part of the organization and treads along the well-charted paths in cohesion, carrying the mission and vision of the organization with great fervor.

We are well aware that coaching is a serious undertaking where one has to deal with children with highly impressionable minds having varied interests and inclinations and above all, plenty of distractions. They are forced to undergo tremendous stress normally caused by peer pressure, parents' expectations, and their own dreams and aspirations. Caught in a smeary situation, they genuinely need professional guidance & support, close monitoring, and incessant doses of positive verbal as well as non-verbal strokes to keep them motivated and vibrant. We must assure you that we handle these situations with comparative ease as our team has the required experience & expertise. We have created a highly conducive environment at our centres where the factors of discipline and freedom are so finely blended that your wards, deciding to take the arduous journey, go through it without grumbling. We have the insight and sensitivity to look after the professional and psychological needs of your ward with care and caution.

We must inform you that the routine and yet very important activities at our centre e.g. Contact Classes, Doubt Removing Sessions, Periodical Tests, Setting Question Papers, Evaluating Examination Answer Sheets, Preparing Results, Keeping Track of attendance, checking assignments, conducting PTM, Updating Study Material etc. are carried out under strict professional guidance and supervision. There is no room for ambiguity, delay and error. The system, however, has in-built resilience to incorporate valuable suggestions from parents and students and therefore, gets fine-tuned from time to time.

We are thrilled to announce that from this year onwards, we will also be offering Corsalite's adaptive learning and gamification platform to all Glare30 students. Corsalite's personalized score improvement techniques and visibility into weak areas, gives your ward an opportunity to improve his/her final test scores. Corsalite is the only multi-brand platform that provides access to online courses of other leading education brands across India, enabling your ward to compare and compete with students from other leading institutes. With most competitive exams moving to online testing methodologies, it is important that your ward gets an opportunity to learn, practice and compete using digital modalities.

We admit that we are as ambitious as your wards and you are. We avow to continue our endeavour towards building and strengthening of our nation in the noblest way. We are fully prepared to take every measure that helps prepare the present generation to take active part in all spheres of life and play their roles with sincerity, devotion and commitment. Half the battle for us is won when we succeed in taking your wards to a level where they learn to dream big, develop confidence in their ability to achieve, learn to take responsibilities, remain steadfast on their goals, learn to celebrate when they succeed and face the temporary setbacks with re-inforced determination and grit.

We dream through your eyes and each time when you realize your dreams, our dreams also come true.

We are sure you will continue to support us in this endeavour.

From all of us at Glare30, we wish you all the very best.
